Missions Summit

Trinity Fellowship has been called to the Nations! God is working in and through the hearts of our people to go to the nations. While traditional missions have been in place throughout the country, we have been called to go to the nations in both traditional and non-traditional ways.

We are hosting a mission's summit March 27th – 28th. Our desire for this summit is to gather those of us who have felt the call to go to the mission field, both internationally and here at home.

Our speakers include:

Andy Taylor – Pastor, Trinity Fellowship. Andy will share the vision God has given Trinity Fellowship for the Nations.

Roger Reeves – Roger has extensive experience in spiritual warfare. Roger will share the necessity of spiritual warfare in the mission field.

Tim Taylor – Tim pastored four different churches prior to devoting his ministry to full time missions in 1999. Tim has established a productive presence for personal and community transformation in Mexico and Guatemala. He has personally overseen the training of more than 300 national missionaries and the installation of 44 Safe Water Systems that are providing safe drinking water for nearly 300,000 people. He has brought together the partnership of over 200 churches for the purpose of taking the Gospel to the nations.

Maria Estevez – Maria is the Senior Pastor over four churches in Juarez, Mexico. Maria also has affiliations with churches further into the heart of Mexico. Maria will share her heart for Mexico and her vision for God's Kingdom.

Erin and Jessie Mitchell – Erin (From Canadian, Texas) and Jessie (from Costa Rica) met in Honduras. Erin and Jessie will discuss cultural issues relating to “going to the nations”, as well as additional opportunities for missions.

Les and Donna German – Les and Donna, who operate the full time counseling service of Joshua's Crossing in Elk City, will share their experiences and opportunities in the American Indian culture.
